

# UPDATE

## COVID-19 Code of Conduct: Exposure

If you have been in close contact with a confirmed positive case of COVID-19 in the last 10 days:

1. Begin wearing a high-quality mask around others.
2. After exposure, get tested on day 6; at least 5 full days after your last exposure.
3. If the test result is negative, continue to wear a mask until day 10, when around other people.
4. Watch for symptoms. If symptoms develop, test again.
5. If the test result is positive, follow the COVID-19 Code of Conduct Policy for a positive test.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
1	<b>Exposure</b> 2  Wear a Mask! Day 0	3  Wear a Mask! Day 1	4  Wear a Mask! Day 2	5  Wear a Mask! Day 3	6  Wear a Mask! Day 4	7  Wear a Mask! Day 5
